

<b>01</b>	<b>N47.11346 W120.79499</b> Staging Area. Display your Discover Pass. Elk Heights Rd requires WATV street legal licensing.
<b>02</b>	<b>N47.12443 W120.80489</b> Additional Parking.
<b>03</b>	<b>N47.12538 W120.80807</b> Turnoff to fun dead end trail - Peoh Point
<b>04</b>	<b>N47.15483 W120.84179</b> "T" Intersection. Both are dead ends, one ends at a private gate, the other at pavement on Peoh Point Rd.
<b>05</b>	<b>N47.12736 W120.81518</b> Intersection - dead end at private land.
<b>06</b>	<b>N47.12950 W120.82660</b> Large additional parking/camping area.
<b>07</b>	<b>N47.13070 W120.84415</b> Intersection. One leg leads to a series of dead ends at private property. Please stay on the main loop.
<b>08</b>	<b>N47.13127 W120.84583</b> Intersection. Both dead ends. Please respect private property, these people could get us shut down.
<b>09</b>	<b>N47.12954 W120.84146</b> Intersection. One leg quickly narrows to an (illegal?) ATV trail. Please stay on the main loop.
<b>10</b>	<b>N47.12657 W120.85853</b> Multiple roads come together here. Choose your path!
<b>11</b>	<b>N47.12240 W120.86794</b> This spot contains what looks like multiple intersections. Most legs narrow down and might not be legal. Please stay on the highlighted main route.
<b>12</b>	<b>N47.13181 W120.87757</b> Your GPS may show a road through here but it is private and has been gated off aggressively.
<b>13</b>	<b>N47.13239 W120.88520</b> Intersection. One leg is a dead end.
<b>14</b>	<b>N47.12302 W120.88376</b> Intersection. Boundary not far away in one direction, the other is the main loop.
<b>15</b>	<b>N47.12907 W120.90048</b> Green Dot boundary. Becomes USFS land at this point, no ORVs even with street legal WATV for now.
<b>16</b>	<b>N47.12101 W120.87902</b> Intersection. Fun, fairly steep hill, dead ends at pavement, or go straight to continue the loop.
<b>17</b>	<b>N47.11803 W120.85916</b> Intersection. This would be a shortcut of the main loop if you wanted one, bypassing several miles of trail.
<b>18</b>	<b>N47.11426 W120.85050</b> Intersection. Optional narrower trail along ridge line for excellent views.
<b>19</b>	<b>N47.10976 W120.83702</b> Intersection. Check out the dead ends or jump back to the main loop.
<b>20</b>	<b>N47.11582 W120.83953</b> Intersection. This is where the optional ridge trail comes out.
<b>21</b>	<b>N47.10854 W120.83390</b> Intersection. Both dead ends, one is longer and goes down to pavement.
<b>22</b>	<b>N47.11356 W120.82855</b> Dead end. GPS shows a road going through but is out of date.

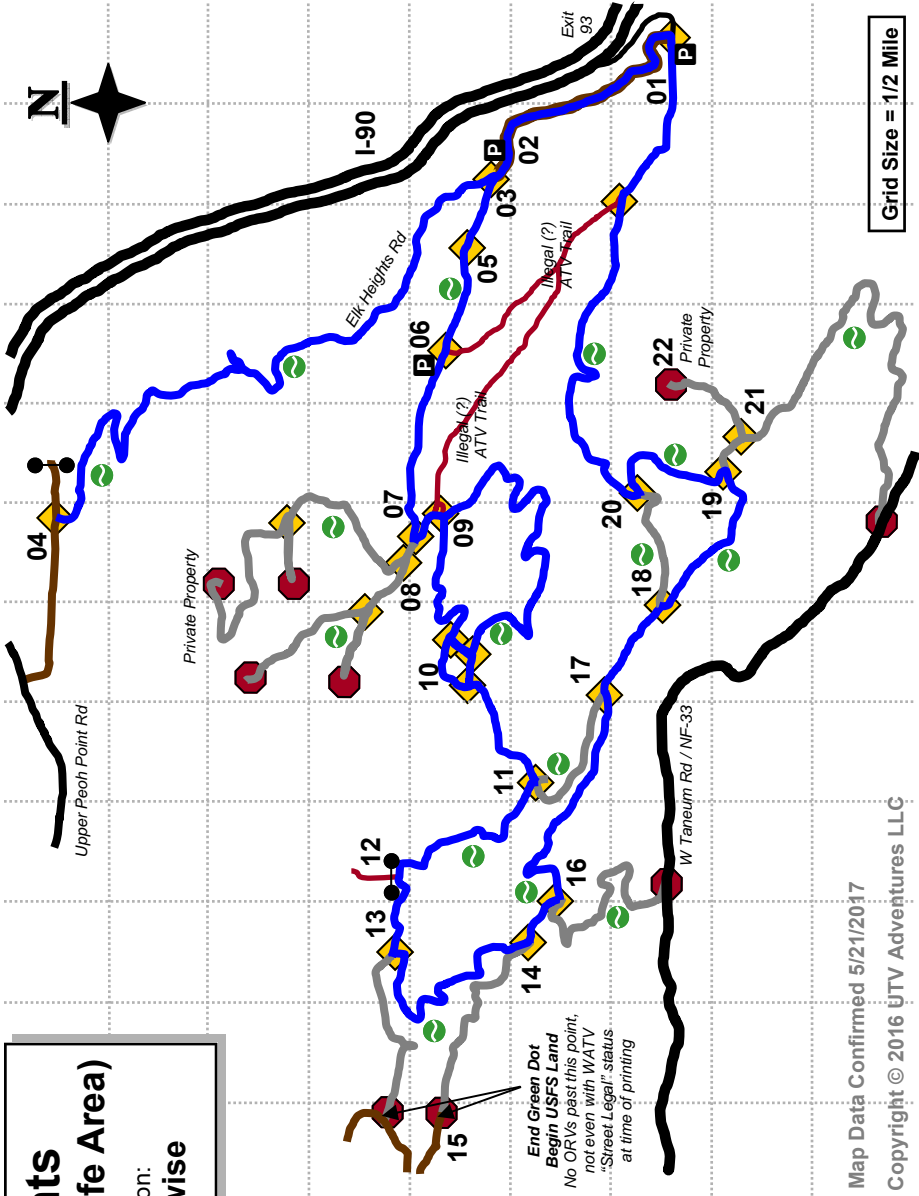

# Elk Heights (LT Murray Wildlife Area)

Suggested Direction:  
**Counterclockwise**

**Note:** In order to complete this loop as suggested, WATV tags with restricted "on road" tabs are required, to travel on Elk Heights Rd from waypoints 01 to 03. This road passes private homes. Please respect these by driving carefully, and with as little dust as possible in this area.
